
Login and Register in the forum area not working

Posted by Webmaster - 2007/08/25 02:25

The "login" and "register" links are currently not working in the forum area. However, you can either register or login in the main website area and you should have full access to the forum. We are working on fixing this issue and thank you for your patience.

Login and Register are now working

Posted by Webmaster - 2007/08/25 03:57

I am pleased to announce that login and register links in the forum are now working as intended
